NORMALS HAVE COLLEGE RANK

STATE BOARD OF EDUCATION DECIDES TO GRANT TWO DEGREES, BACHELORS OF ARTS AND SCIENCE.

At a meeting of the state board of education, held at Oklahoma City on Monday of this week, it was definitely decided that the Normal schools of the state might grant two academic degrees, viz: A. B. in Education and B. S. in Education. There was a disposition among the Normal school presidents to ask for the privilege of granting only the B. S. degree in Education, but the fact was brought out that the B. S. degree, especially that granted by teachers' colleges, does not stand for the same attainments as does the arts degree. There was also a feeling that only one degree should be given, but it was shown that the language requirements must be met for the arts degree and this would leave very little opportunity for people who wished to do their major work in agriculture, manual training or home economics.

The requirements for these degrees will be standard and the same as the requirements at the University of Oklahoma or other first class colleges so far as the number of hours is concerned. For graduation there will be required the equivalent of 120 semester-hours plus four hours in physical training. Every student will be required to take at least 25 hours in Education and professional work before he will be granted the degree.

The change from a two- to a four-year course at the Normal school cannot be made in full until the legislature meets and appropriates additional funds. However, several courses for advanced credit will be offered in the summer term. These courses will be in the departments of Education, mathematics, history and English.

President Gordon is enthusiastic over the prospects. In discussing the matter with a reporter today he said: "While there does not seem to be any definite probability of a raise in the salaries for the teachers during the next year unless the legislature comes to the relief of the teachers at its meeting in January, at the same time, the schedule already adopted for the year beginning in 1921 is quite interesting. Heads of departments who are now drawing \$2,000 per year, will begin at \$3,300 and this will be raised \$200 per year until a maximum of \$4,000 per year is reached. Associate professors will range from \$2,700 per year to \$3,300; assistant professors, from \$2,100 to \$2,700; and instructors from \$1,500 to \$2,100. This will not only make it possible for us to hold the best teachers we already have, but it will give us an opportunity to get other good ones."

It is difficult to estimate the value to Ada of the addition of two years to the Normal school and giving degree-granting privileges.

Manager Form at Pawhuska.

PAWUSKA, April 6.—Despite the strenuous efforts on part of the city administration to retain control of the amendments to the city charter, it was carried by a majority of four to one for city manager form.

The election is the culmination of a hard fought battle in state supreme court which Friday ordered city officials to present the matter to voters today.

Notice.
The Order of the Eastern Star will meet in regular session Thursday evening at 8 o'clock. Initiation.—Mrs. J. N. Nesbitt, Secy. 4-7-11

THE BIG EDITION.
The News still has about five hundred copies of the big Industrial Edition left. We accept names and addresses at the office and will mail copies anywhere in the United States for ten cents each. We guarantee to send these copies and we guarantee delivery. If the copies fail, for any reason, to reach their destination we agree to re-mail them free of charge. In other words, we guarantee to get a copy to any friend or relative you have in America for ten cents.
This is a great advertisement of the business, social, industrial and financial interests of this section and you are overlooking a bet if you fail to mail a copy to the friends and relatives back in the old states. Let us have your list at once if you want to insure getting a few of these copies.

SOCIALISTS ARE IN BARRED LIST

NEW YORK ASSEMBLY SEEMS DETERMINED TO OULAW SOCIALIST CANDIDATES IN EVERY RESPECT.

By the Associated Press

ALBANY, N. Y., April 7.—Resolutions to carry out the recommendations of the assembly judiciary committee for "barring the socialist party of America from participation in politics in New York state" were introduced in the legislature today. The measure is intended to require the attorney general of the state to begin an action in the appellate division for a judicial determination of the question whether "the principles, doctrines or policies of the socialist party, if carried into effect would destroy or endanger the government, state and nation."

The companion measure is designed to amend the public officers law relating to qualifications of persons to hold office, and to provide for their exclusion from public office and prevent the exercise of official duties.

Sulphur Negroes Are Arrested By Local Officers Tuesday

Two Sulphur negroes, a man and a girl, were arrested by local officers at the Frisco station yesterday and taken back to Sulphur. They were charged with a variety of offenses, the principal one being that the man kidnapping, abducting, eloping with, or running away with, a fourteen year old girl, all of which is against the peace and dignity of the state of Oklahoma. The masculine member of the couple protested vigorously that he had never seen the girl before they boarded the train together, but was unable to explain satisfactorily why the girl's wearing apparel was located in his suit case.

Francis Burglars Are Bound Over To District Court

The preliminary examination of Ray Smart and Ed Harris was held in Justice Anderson's court yesterday. A. C. Chaney represented the defendants while H. F. Mathes appeared for the county. The two men are charged with breaking into a box car at Francis and stealing a case of shoes. The boys claim to be from Grand Rapids, Michigan. After hearing the evidence submitted the defendants were bound over to the district court and their bonds fixed at \$500. Failing to make bond they were remanded to the county jail.

Fire Alarm This Morning

The city fire department was called out about 11 o'clock this morning and made a run to 13th and Cherry, where they found a culvert on fire. A lot of trash and waste paper had collected in the culvert and this waste had in some manner caught fire. No damage was done, however.

NEW YORK IS ALSO FOR MR. JOHNSON

STATE'S BIG FOUR DELEGATION ROLLED OVER THE OPPOSITION OF FORMER SENATOR BENNETT.

By the Associated Press

NEW YORK, April 7.—New York State's "Big Four" unopposed delegation to the republican national convention, rolled over the opposition of former Senator William H. Bennett, pledged to the presidential candidacy of Senator Hiram W. Johnson of California, in yesterday's primaries, according to virtually complete returns early today. With only 126 election districts out of the 151 missing, the vote for the big four was:

Nathan L. Miller, 70,042; Senator James W. Wadsworth, Jr., 70,396; Senator William N. Calder, 73,501; Col. William Boyce Thompson, 68,104. Bennett's vote was 25,561, of which his home borough, Brooklyn, contributed 14,317.

Scattering returns from up-state where the vote was also light, indicated that the candidates had won over Bennett by a wider margin than in this city. No candidate favorable to Senator Johnson was elected in any congressional district where contests were waged.

Woodmen Planning On Special Meeting For Tuesday Night

At a meeting of the local W. O. W. Camp last night it was decided to hold a special meeting next Tuesday evening. The Woodmen and the Woodmen Circle will have a special program of entertainment and will furnish elegant refreshments. The members plan to make the meeting the event of the year in Woodmen circles and a large crowd is expected to attend.

Men Are Poor Liars.

New York has a woman sleuth who is a wonder. She specializes in cases too hard for the police and during the war captured thousands of draft slackers. She says men are sickly liars. "I never have any difficulty in catching men in lies," says this girl sleuth, "but the women are hard to trip up. A man lies impulsively, without forethought, but a woman plans her lies with infinite patience and a series of other lies to back them up. Also a woman can gain the confidence of a man, but she cannot gain the confidence of another woman."

LAST MINUTE NEWS

French Troops to Rhine.

By the Associated Press

METZ, April 6.—French troops on the right bank of the Rhine continuing their advance, today occupied Hamburg, nine miles north of Frankfurt.

Milwaukee Re-Elects Socialist.

By the Associated Press

MILWAUKEE, April 7.—Complete but unofficial returns from the Milwaukee city elections showed that Mayor Daniel W. Hoan, socialist, was re-elected over Clifton Williams, president of the city council, by a majority of 3,378. Mayor Hoan led his ticket and was the only one of the three principal officials to pull through.

Greek Troops in Asia Minor.

By the Associated Press

ATHENS, April 7.—Greek troops have been authorized by the Supreme Military Council of the Allies to advance in Asia Minor in anticipation of an eventual attack by Mustafa Kemal, leader of Turkish forces. They have occupied a strategic position east of the sector they have held around Smyrna, according to a dispatch to the newspaper Ethnos.

Great Military Conspiracy.

By the Associated Press

BERLIN, April 7.—A great military conspiracy, which was to have been a Bavarian parallel to the recent Berlin revolution, has been discovered in Munich. It was announced today. Part of the plan was that General Luedendorf be made dictator over Bavaria, and Dr. Hein of the Bavarian Separatists, civil and economic dictator.

SPLENDID ACHIEVEMENT

The Daily News is in receipt of the Booster number of the Ada News. It consists of forty-eight pages filled to the brim with facts about Ada and Pontotoc county. This issue of the News is a credit to Ada. It shows what that city is doing; that the citizens are live and progressive, while it shows Marvin Brown has surrounded himself with a staff of bright, aggressive newspaper men who are doing their part toward building a city. The News would be a credit to a city of double Ada's population. Editor Brown has made it one of the best dailies in the state, a paper that has added much to the prestige of Ada. It is a splendid achievement.—Cushing Daily News.

500 SWITCHMEN TIE UP ROADS

THE NIGHT SHIFTS ON RAILROADS ENTERING BUFFALO GO ON STRIKE AND TIE UP TRAFFIC.

By the Associated Press

BUFFALO, N. Y., April 7.—Five hundred switchmen on the night shifts of all railroads entering Buffalo, with the exception of the Erie and Pennsylvania lines, went on strike last night and this morning, virtually tying up all freight in and out of the city. Up to ten thirty o'clock this morning the day shifts had not reported and it is believed the strike will be general.

P. G. Sheehan, president of the switchmen's union, said the strike was unauthorized. Railroad officials expressed the belief that the movement was in sympathy with the Chicago strike.

Heavy Damages Asked for in Suit Filed Yesterday

A thirty thousand dollar damage suit for personal injuries was filed in district court yesterday. Hermon Keffer, by his father, Thomas Keffer, is plaintiff and the Oklahoma Portland Cement Co., is defendant. F. J. George and King & Crawford are attorneys for the plaintiff.

The suit is the outgrowth of an accident at the Webster quarries of the cement company last August, when the ten year old son of Keffer was painfully injured by the explosion of a dynamite cap. The petition of the plaintiff alleges that the house in which the defendant company stores its explosives at the quarries is in a bad state of repair, that small boys in that vicinity had been entering the house and playing there, and that the Keffer boy had entered the house and secured some dynamite and caps. That on the 10th day of August the boy struck a lighted match into a dynamite cap, causing an explosion which tore off two fingers and a thumb, lacerated his arms and face, and permanently injured his right eye. That as a result of the injuries sustained the boy is permanently disabled. Wherefore plaintiff asks for damages in the sum of 30,000, and the costs of this action.

HOWAT GUILTY OF CONTEMPT

HOWAT AND AUGUST DORCHY REFUSE TO APPEAR BEFORE KANSAS COURT OF INDUSTRIAL RELATIONS.

By the Associated Press

PITTSBURG, Kans., April 7.—After a plea of guilty to the charge of contempt had been made for Alexander Howat, and two other miners' union officials when they faced District Judge Andrew J. Curran today, their attorneys withdrew their plea. The officials will face trial Friday morning. Howat and August Dorchy, vice president, and Thomas Harvey, secretary-treasurer, were admitted to bond of \$500 each. They were taken before Judge Curran, charged with disobeying the court order issued yesterday for their appearance before the court of industrial relations to testify in the investigation of mining conditions now being conducted. The order also was directed against Thomas Cunningham, traveling auditor, and Robert Foster, district auditor. Cunningham was out of the city and Foster failed to appear.

Charter Amendment Adopted Yesterday By Voters of City

The amendment to the city charter increasing the monthly salary of each city commissioner from \$125 to \$200 was adopted by the voters of Ada in yesterday's election by a decisive majority. Very little interest was taken in the election, only 248 votes being polled. Of these 170 were in favor of the amendment and only 78 against it. The following is the vote by wards:

	Yes	No
Ward 1.....	81	25
Ward 2.....	28	10
Ward 3.....	20	17
Ward 4.....	41	26

BELETED RETURNS SHOW JOHNSON IS STILL IN THE LEAD

By the Associated Press

DETROIT, Mich., April 7.—Belated returns on the presidential primary, coming in slowly from the sparsely settled sections of the state, added but a few votes early today to the totals already compiled from approximately two-thirds of the precincts. These gave Hiram Johnson a lead of 42,251 over Major General Wood on the republican ticket, and Herbert Hoover's advantage on the democratic ticket was 4,466 over Governor Edward I. Edwards of New Jersey.

The vote stood as follows, Republicans, 1,661 precincts out of 2,421. Johnson 124,949, Wood 82,698; Lowden 44,929; Hoover 40,224; Democrats, 1,422 precincts, Hoover 17,662, Edwards 13,196, McAdoo 12,602, Bryan 11,641, Palmer 7,570.

Sell that old stuff you do not need with a News Want Ad.

STRIKERS DEFY THEIR OFFICERS

ENGINEMEN AND FIREMEN IN CHICAGO YARDS STAY WITH THE UNAUTHORIZED STRIKE.

By the Associated Press

CHICAGO, April 7.—Representatives of 8,500 members of the brotherhood of locomotive engineers and firemen employed in the Chicago switching district today had defied their union officials, and voted to join the unauthorized strike of switchmen called nearly a week ago.

Freight traffic through the Chicago district already was restricted severely and the strike leaders and railroad officials were agreed that if the force of strikers was increased traffic would be brought virtually to a standstill.

The vote of the engineers and firemen came in the face of predictions of grand officers of the Brotherhood of Railway Trainmen and Switchmen's Union of North America, with which the striking switchmen are affiliated, that by Saturday the strike would be broken by loyal union men rushed here from other cities. The engineers and firemen declared that they would not work with the loyal union men and also demanded an increased wage. Engineers are paid \$5.76 a day and they demanded \$5.76 to \$4.28 a day, demanded \$1 an hour. Meanwhile it was reported supplies of certain goods and fuel were beginning to run low in Chicago, nearly 20,000 employees having been thrown out of work at the stockyards by the stoppage of cattle receipts.

Morning Free For All Entertains the Main St. Early Birds

Calhoun Sparks and Dee Bennett were the interested eye witnesses of a highly developed free-for-all pulled off early this morning at the Parks Day Nursery on East Main. It seems that some of the female inmates of that institution have been mobilizing for a day or two and that Constable Walter Goynne visited the trouble zone a pair of times yesterday, offering his services as mediator. Actual hostilities began at an early hour this morning and the casualty list is said to be something fearful. The picturesque premises were fairly alive with animated females in all stages of dress and undress and the circumambient air was filled with barrel staves, socks and teddy bears and profanity. Mr. Bennett made many unavailing efforts to pacify the belligerents, while Mr. Sparks sat in his delivery wagon at a safe distance and rooted for the winners. After many lurid and exciting minutes a threatened police call broke up the rumpus and peace once more reigned in Warsaw. Mr. Sparks has one highly colored optic but strongly protests that it acquired color some days ago and elsewhere.

Let a Want Ad Get It For You.

Are We Dead or Alive?

There are three great progressive steps that Pontotoc county and the city of Ada must soon take. The fact is that every progressive citizen is agreed that the steps in question must be taken if we are to keep our place in the column of progressive counties and cities of the state.

The News is going to mention these three steps in what it considers the order of their importance during the next three days, beginning today.

First and foremost the News believes that the county should now bond itself to the limit for hard surfaced roads provided it can comply with the conditions which will provide for us the regular quota of state and federal aid, and there is no reason why this could not be done. It is mere nonsense and a waste of money to tinker further with dirt roads to have them washed away the first time a typical Oklahoma flood comes along.

Hard surfaced roads will cement the whole country into a unit, and as a consequence good rural schools and churches will follow. This, in fact, is the only solution to the problem of keeping the boys on the farm, a thing that must be done if we are to survive as a society.

Let us get together at once in mass meeting—with the county commissioners and other necessary authorities—and determine what sized bond issue is needed, get the proper preliminaries attended to and submit the question to the voters.

Now that the court house issue is on the shelf for the time being, let us submit the road issue. There is no doubt in our minds that it will carry and carry largely.

Who will be the man, or group of men, to become immortal in this country by taking the initiative in this most important enterprise?

INDUSTRIAL COURT LAW NOW IN ACTION

INDUSTRIAL RELATIONS COURT
OF KANSAS OPENS FIRST
SESSION IN THE CITY
OF PITTSBURG.

By the Associated Press
PITTSBURG, Kans., April 6.—The Kansas Industrial Relations court today established temporary headquarters here and opened an exhaustive inquiry into conditions affecting workmen in the coal mining industry in Kansas. There are 150 coal mining properties in this (Crawford) county and the adjoining county of Cherokee. These constitute the bulk of the industry in Kansas, which employs from 13,000 to 15,000 miners. As circumstances warrant, the court announced, it may visit other localities in the mining district.

The investigation probably will take a week or more, it was said. All three members of the court—W. L. Huggins, George H. Wark and Clyde M. Reed, are sitting for the hearings and complete record is to be made of all testimony. A long list of subpoenas have been prepared for miners, miners' union officials and operators, and under the industrial court law the presence of those subpoenaed is compulsory.

The court has announced that the investigation will cover the following:

Working conditions with reference to hours of labor, provisions of safety and sanitation.

Miners' incomes with relation to living costs.

Plan of mining operations as to continuity of production; interest of the public in providing an adequate supply of fuel; providing a fair return on capital used and useful in the industry.

Conditions of the coal mines with reference to the supply of coal for future years and the cost of mining as compared with previous years.

Housing, rents and other matters affecting living conditions of miners.

School and church privileges and general social surroundings.

Hearing of complaints of mine workers, mine owners, the general public, and the attorney general on behalf of the general public, which has not previously been investigated.

The court stated that it invited the miners, operators and the general public to submit all information upon the subjects named and requested their co-operation in making the investigation as thorough as possible.

WHEAT AND OAT CROPS WILL FALL SHORT OF NORMAL

MUSKOGEE, April 6. — Wheat acreage in Oklahoma is not more than 25 per cent of last year's acreage of 5,000,000 acres, according to George Vincent, district farm agent for northwestern Oklahoma, who has recently visited all sections of the state.

The wheat crop—what there is of it—and the oats in the northeastern part of the state, have been badly damaged by winds, rains and frosts and the crop will not be over 50

per cent normal, he asserts. The crust, formed by a succession of frost, rains and wind has kept most of the oat crop from showing above the ground, he says.

As a result of the failure of wheat and other grain crops, the cotton crop in the state will be a record breaker, he predicts. Large acreages in various parts of the state are being put into cotton because of the higher prices and weather conditions, he says. Orders already are being placed for cotton pickers next fall, as the labor supply is expected to be short.

OSAGE TRUST PERIOD EXTENSION UNLIKELY

OKLAHOMA CITY, April 6.—No action regarding extension of the government trust period on Osage Indian land beyond the present term which expires in 1931 will be taken by the present session of congress, Governor Robertson predicted yesterday after his return from Washington.

"Oklahoma has little chance of collecting its gross production tax on all production on the Osage land until after 1931," the governor said. "Even if the trust period should be extended and the state should be given the right to tax Osage oil in accordance with its laws, I do not believe such a law would be retroactive, permitting taxation before 1931."

"There seems to be no disposition on the part of congress, however, to consider the Osage land proposition at all, and I doubt if the dealing with that matter ever comes to a vote. There was a provision in that bill to give Oklahoma a partial right to tax the oil produced in Osage land. I took the position however, that we should have full recognition of our tax rights or none at all."

"After 1931, Oklahoma will be able to tax oil in the Osage country, I believe. If the tract period is extended, it seems certain provision will be made to permit our tax laws to operate without restriction."

ROUND UP VOTES ON PEACE COUNT

MINORITY IS LINED UP AGAINST
PROPOSAL TO DECLARE
WAR WITH HUNS
OVER.

WASHINGTON, April 6.—Republican and democratic leaders of the house began rounding up their forces yesterday for the big fight Thursday over the joint resolution put forward by republicans, declaring the war with Germany ended. Telegrams were sent to absent members of both parties to return here in time to vote on the resolution Friday.

While the democrats are expected to vote almost solidly against it, it will have solid republican support, according to leaders who have counted noses. Its passage by the senate also is predicted by republicans, although democrats declare the president will veto it.

Chairman Kahn, of the military affairs committee, declared in a statement today that if the resolution was passed and signed by the president American military forces in Germany could be returned home although orders for their withdrawal would rest with the president.

Mr. Kahn called attention to the fact that, according to the terms of the treaty, the Coblentz bridgehead, held by American troops, will be evacuated after 10 years, if Germany fulfills all her obligations, while the Cologne bridgehead now held by British troops, will be handed over after five years.

Representative Igou, democrat, of Illinois, in a statement to the

Goodyear Advantages in Tires for the Smaller Cars

Just as Goodyear is successful in building extreme value into the Goodyear Tires that go on the highest-priced motor cars, so is Goodyear successful in supplying unusual worth in Goodyear Tires for smaller cars.

Into the making of Goodyear Tires in the 30x3-, 30x3½-, and 31x4-inch sizes have gone the full advantages of Goodyear experience, skill and modern facilities.

The results of this unusual endeavor are easily available to every owner of a Ford, Chevrolet, Dort, Maxwell, or any other car requiring the sizes mentioned.

Go to the nearest Goodyear Service Station Dealer's place of business for these tires, and Goodyear Heavy Tourist Tubes. He carries them in stock.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread.....	\$23.50
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread.....	\$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag..... \$4.50

GOODYEAR

LET'S HAVE GOOD ROADS

The country is entering a period of road-building. Projects which were planned during the war are being put into effect. The Federal Government has made large appropriations, to be spent conjointly with appropriations by the various states. Good roads have become a watchword of post-war progress.

There is occasion for reflection in the fact that the greatest of ancient empires was conspicuous for its road-building. The Roman roads were the railways and telegraph of an age that did not know steam and electricity. They were the pathways of the imperial couriers and the imperial legions. These roads were the girders that held the empire together. It is customary, today, to admire the Romans for their practical sagacity, nowhere better exemplified than in their road-building.

In a manner, "history repeats itself" in our newly bestirred zeal for constructing good highways. What to the Romans was a national necessity, has become for us an urgent need; and this by virtue of a modern invention—the motor car. We look for much advancement to grow out of the "motor age," and are certain that this advancement will be contingent upon the attention we give to the improvement of our roads.

Those of us who have made observations for two decades have seen wondrous changes resulting directly from the use of the pleasure automobile. Once the city was the city, and the country was the country. Today they merge into one another. The city man knows the country as never before—is glad to have access to it and to live in it when possible. The country man knows the city and frequents it often. Small villages of yesterday have become the rural metropolises that one finds here and there, everywhere. This is all good, for it is well that a nation be knit together in the spirit of mutual understanding and in a reciprocity of advantages.

But there are better arguments for good roads than those which apply merely to the pleasure car. We are told, on the authority of the Government, that farmers lose \$300,000,000 yearly in marketing their crops, because of bad roads. That is too much to waste. We should contemplate this figure in connection with the high cost of living.

There is no more serious problem before us today than the matter of reducing the cost of getting the products of the farm to the table of the consumer. One step, at least, in the solution is plain—better roads.

As an instrument of economy the motor truck has not yet come into its own. Efficient servant as it is in certain restricted realms, it now awaits the further development of interurban and country highways to reach the measure of its full attainment. It has power and speed that put it outside the class of the horse-drawn vehicle, and a nimbleness and flexibility which gives it a certain advantage over the railways. It is our expectation to see it assume more and more the function of the "short haul" as its own peculiar province: in part, relieving the railways of those duties which they are least able to perform; and in part, expanding the field of our national transportation system.

We say, therefore, all speed to the good road movement! It will cheapen our methods of distribution and help to bring the people of our country closer to each other. We recommend its common sense and practical wisdom. It may be less spectacular than some of our other national issues, but it strikes deep into the roots of fundamental progress.

GOVERNOR ROBERTSON AUTOGRAPHS JEWISH RELIEF POSTER

Left to right: Gov. J. B. A. Robertson, B. R. Thornbury and A. D. Engelsman.

Governor Robertson recently braved a battery of newspaper and movie cameras on the capital steps at Oklahoma City to autograph a poster for the Oklahoma State Jewish Relief Committee.

The autographed poster was the first one posted in announcing the committee's campaign April 5 to 12 for funds to relieve the suffering of Europe's starving, ragged, homeless Jews who were left destitute by the war. Thousands of these unfortunate people will die unless food is sent to them immediately.

Haskins and Misses Cleo and Jamilan Norman spent a few hours Sunday night at M. C. Turners. The time was spent in listening to the player piano.

W. E. Harvey, Fordson agent of Ada was at M. C. Turners, Friday doing demonstration work with his Fordson. He sold Mr. Wood of this place a tractor.

Mr. and Mrs. J. G. Boud are the proud parents of a brand new girl which made its arrival on Monday April 5th.

Mother: Mrs. Howard is going to send her darling, cute Percy to your school. Small Boy: Good! Us fellows will Percy-cute him, all right.—Judre.

MINE HEAD ORDERS MEN BACK TO WORK IN DISTRICT NO. 21

MUSKOGEE, Okla., April 6.—In a telegram given to the press yesterday afternoon, John Wilkinson, president of the United Mine Workers of district 1, ordered all miners who are out on strike in this district to return to work.

Several hundred miners in the Krebs district walked out a few days ago because, it was charged the operators had greatly increased the price of explosives, fuse and caps.

In his telegram to headquarters in Muskogee, Mr. Wilkinson called attention to the Washington coal committee's award which allows the operators to increase the price of explosives.

"The Washington coal commission award gives the operators an in-

crease in the prices now charged for explosives, fuse and caps," Mr. Wilkinson says.

Operators Within Rights.

"The award also involves the subject matter of freight rates which makes the general question complicated. The matter will be taken up for adjustment at the wage conference with the operators at Kansas City on May 3.

"All mines must continue at work pending the final disposition of the controversy," said Mr. Wilkinson.

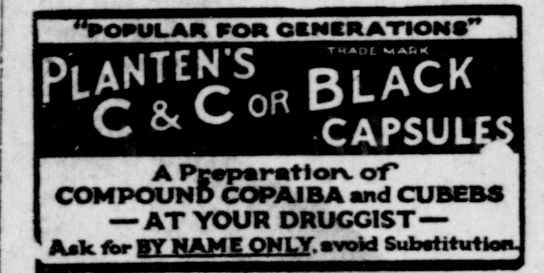

While the commission award allows the operators to increase the price of explosives, it also recommends that such increase be great enough only to take care of the cost plus the insurance and the freight rates.

Texas Miners Strike.

About three hundred miners walked out in the mining fields of Texas yesterday over a misunderstanding of the application of the

increase allowed by the commission. The mines affected produce screened coal. It is the custom to pay for this coal on the proportionate basis of 5 to 2 compared with mine run coal. This would make the increase amount to 40 per cent in these mines.

The operators agreed to continue the customary proportionate wages according to reports received at headquarters yesterday, and the miners will return to work today it was said.

Seventh Annual

County Track, Field and Literary Meet

East Central Normal Building and Grounds

PROFIT OR LOSS

Much discussion has been aroused by the announcement recently made that certain of the leading protestant churches lost heavily in membership during 1919. Among other churches the Methodist Episcopal sustained a net loss of fifty five thousand. The net loss of the Methodist Church South was between nine and ten thousand.

Students have been somewhat puzzled by this defection, and various reasons have been assigned. The most popular one seems to be that losses incident to the war and the prevalence of influenza caused the loss to the churches effected. This explanation is somewhat discounted, however, by the record of the Canadian Methodist Church, which sustained far heavier losses from these causes in proportion to its membership but still shows a net gain in membership for the year.

Among the most significant explanations given yet is that suggested by the Associate Reformed Presbyterian. It states that the tremendous financial programs carried out during 1919 engaged the full time of many of the ablest ministers of the churches, thereby preventing their usual activity in the work of soul saving. Some of the country's most successful evangelical workers were employed full time in canvassing for funds, and a net loss in the membership of their denominations followed. Dr. Thomas, book editor in the Southern Methodist, says: "The Centenary was a great and providential movement and was accompanied by unusual spiritual glow, but it revealed the fact that the pastor alone is supposed to be responsible for the salvation of souls." He adds that during a ministry of twenty five years he had known very few laymen who were much concerned about bringing men and women to Christ.

Regardless of the cause producing the temporary set back to these denominations it can be said with assurance that it furnishes an interesting study. Moreover it may be permissible to say that the loss is more apparent than real. After all a church has not lost so much when certain members become so careless and indifferent as to fall out. Of all organizations it is preeminently true of the church that quality and not quantity counts.

One of the grimmest phases of the recent tragedy near Elk City in which a mother killed her five children and herself was the reason she assigned for the insane deed. She "was lonely and tired of it all." Possibly most people will not remember these words many days, but they illustrate a condition that prevails in many sections of our country and that is effecting the nation in a material way. Many of our rural districts are insufferably lonesome. There is no one to see; there is no where to go. The roads are as a rule impassable, the school house is small and illy kept. The rural church has been abandoned. There is little left to make life really worth while. As yet the school house has not been made the community center. A dead lethargy sinks down upon the farmstead and the poor women of the farm, like blind Samson chained to the mill, live out their lives in an endless circle of unremitting toil. Thousands of Oklahomans live under just such conditions as finally drove that Beckham County woman to madness. The same temptation no doubt has come to many who live in the quiet places of Oklahoma.

Do you know, gentle reader, that in addition to paying for the school books your children use you are helping to pay for the school books used by all the children in the District of Columbia. In the national capital free text books are furnished to all school children. One half of the cost of such books is paid by the people of the District of Columbia. The other half is paid by the Federal government. Thus every American citizen is paying taxes to furnish text books to the children of the capital. By grace of the congress of all the people, all the people are paying these bills. It's a great system for the people of Washington.

Senator Owen's announcement that he will spend only \$5,000 in his fight for the presidential nomination must not be construed as an announcement of his withdrawal from the race.

All men may be equal in America, but the government will not pay the postage bills of a candidate for congress unless that candidate is a member of congress.

For reasons not necessary to mention we have decided not to publish that editorial we had written boosting Hoover for president.

Spring Brings Marvelous Hats

THERE was never a spring more richly dowered with beautiful millinery than the present one. It comes with an unending variety of hats, in shapes and trimmings inspired by the art of many countries and centuries. Old Egypt and modern China are called upon for inspirations that take their place among those from other quarters of the globe and even the futurist art contributes something. Milliners in this country are evidently studying design and the sources of style, with a growing appreciation of the oriental genius for using colors.

Among these models of ancient and distinguished lineage there are many simple and lovely creations with much shorter pedigrees, like the three typical models in the group above. Here a pretty tam of satin with narrow braid stitched in a lattice work over it, travels no farther back than a year or so and patterns its shape upon the "Blue Devil" tam that came to us from France. It is a saucy hat trimmed with two bobbing ornaments and is shown in several clever developments this spring.

A sailor shape of Batavia cloth is found in every representative display, along with a good many other shapes covered with Batavia. This particular sailor shape has distinguishing features—an indented top crown, a deep fold about the side crown and a brim covered by flowers embroidered with rafia braid in several colors. A sash of narrow ribbon is a daring trimming for a sailor shape, but it is used successfully on this model. Batavia is made in many beautiful colors and is a new feature in millinery.

A lovely wide brimmed model of georgette, with rows of chenille over the crown, is sure of success. The brim is edged with a soft fold of the crepe and trimmed with long stems and a few odd ornaments that simulate flowers that are made of chenille. In any of the soft colors, that are at their best in georgette, a hat like this is a perfect bit of millinery art.

Julia Bottomley

Short Sleeves.

Seven-eighths and shorter sleeves are to be seen on many suit jackets for spring, but these appear only on the suits of novelty cut; on the much-beloved, generally acceptable tailored models the sleeves are wrist length as usual.

Anita Stewart, As Jockey, Wins In a Thrilling Horse Race

An actual horse race with all its thrills, is shown in the First National special feature, "In Old Kentucky," the great American classic, presenting Anita Stewart. This picture will be screened at the Liberty Theatre on Monday, April 12.

It is the great Kentucky handicap race, and you see it from start to finish. There is shown the gigantic grandstands in which thousands upon thousands of persons are crowded, all cheering wildly for their favorites.

You get a flash of the stables where the jockeys are rubbing their mounts, in preparation for the great event and then the jockeys coming one by one onto the track to be greeted by cheers by the spectators.

Finally you see Miss Stewart come on the track at the last minute, dressed as a jockey, who has been drugged, in order to frame the race.

Then comes the call for the start from the judges' stand and a score of mounts are off in the great race. The camera follows the horses practically from the start to the finish, as one forges ahead and another drops gradually behind.

Miss Stewart, who is an expert horsewoman, rides in a mad gallop, at first far behind, but gradually working her way to the front, until at the end she goes under the wire a nose ahead, winning the race.

There is the wild enthusiasm of the most exciting race, and it grips those who watch the picture.

Republicans to Contest Election

KANSAS CITY, April 7.—Republican leaders, according to their statements today, probably will contest the result of yesterday's municipal election here. According to complete unofficial returns, Mayor Jas. W. Cowgill, democrat, was re-elected by a majority of approximately 2,000 over the vote received by Matthew A. Foster, republican.

Birth.

NOTICE OF MEETING.

To the Stockholders of the Pontotoc Custom Gin Company:

The annual meeting of the stockholders of the Pontotoc Custom Gin Company will be held at the City Hall in the City of Ada, Oklahoma, at 10 o'clock, a. m., on the 21st day of April, 1920. A Board of Directors for the ensuing year will be elected, dividends will be paid, and such other business as may legally come before the meeting will be transacted.

J. B. PARKER, Sec. R. BESS, President.

Lecture Thursday Evening on Subject Of Managerial Form

On Thursday evening at eight o'clock Ada is to be treated to another lecture on the subject of the managerial form of government.

Judge T. Freeman, of Sherman, Texas, a lawyer and jurist of no mean ability will deliver the address.

Judge Freeman is an old time friend and teacher acquaintance of J. F. McKeel of this city, and will be entertained by Mr. McKeel while in the city. He comes here on the invitation of the Chamber of Commerce.

Sherman, Texas, has had the managerial form of government for several years and it is understood that it has proved an absolute success in that city. The people of Sherman are pleased with it it is understood.

Judge Freeman will tell us, in his characteristic style, how the plan has worked out in that city, and what the people think about it.

It might be concluded that this announcement carries with it the information that the Judge is friendly to the plan, which he is, at the same time we have our first city to hear from that has tried the plan that is not satisfied with it.

If the opposition to the plan in Ada have any speakers to put up in the city, the News wishes it to be understood that they will be given a hearing and the same generous advertising at the hands of this publication as is being received by friends of the movement.

It now seems certain that the question of the managerial plan is going to be submitted to the citizens of Ada sooner or later, and it seems that it behooves every citizen to gather just as much information on the subject as possible.

NOTICE OF MEETING.

To the Stockholders of the Pontotoc Custom Gin Company:

GOVERNOR TO URGE SALE WITHDRAWAL

THE TRANSFER OF OIL LEASES MIGHT BE CONTEMPT OF COURT, GOV. ROBERTSON SAYS.

OKLAHOMA CITY, April 6.—Leases on oil and gas lands in the bed of the Red River advertised for sale by the commissioners of the land office of the state probably will be withdrawn from the sale because of the action of the supreme court last week in appointing a receiver for the territory, Governor Robertson said last night.

"To sell the leases we are advertising in the river bed in Tillman and Cotton counties might be taken by the supreme court as contempt of its order, and I am anxious to avoid conflict while the matter is in course of settlement," the governor said. "I think the wisest and most prudent course for us to pursue is not to consider bids upon that river bed land. Although I have not talked over the matter with the other commissioners yet, I expect to advocate my view at the meeting Tuesday afternoon and I hope the others will be in agreement."

Land assigned to the receiver appointed by the federal supreme court is bounded on the south by the south bank of the Red river as it was at the time of a boundary treaty made with Spain in 1818 and on the north by the mid channel of the river. The tracts in the river bed upon which leases are offered for sale today, are bounded north and south by the meandering line of the stream. Half of each tract falls within the assigned jurisdiction of the federal receiver.

"Upon consultation with the federal receiver when he comes to the river bed to inspect the property placed in his control, we may get permission to proceed with the sale," Governor Robertson said. "The fact that we do not guarantee the title of leases offered for sale in the river bed would not prevent us from being held as obstructionists to the execution of the supreme court order if we should sell the leases at present."

GAS HIKE PERMISSION SOON MAY BE REVOKED

OKLAHOMA CITY, April 7.—Revocation probably will be announced soon of the permission to charge 48 cents for 1,000 cubic feet of natural gas instead of 40 cents, granted a month ago by the state corporation to the Oklahoma Natural Gas company on condition that a contract be made with the Creek County Gas company to obtain large additional supplies of gas from that source, members of the commission said yesterday.

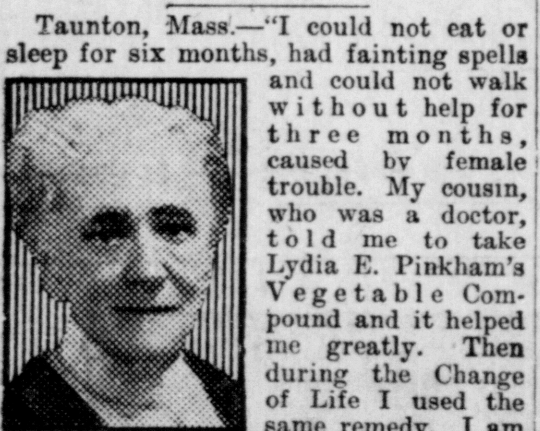

"The commission is disposed to help the gas company as far as possible to get the gas it needs for its customers at any price within reason," one member declared. "But it appears that a reasonable time already has elapsed for making the contract it expected to make to get additional gas. With the time of warm weather getting nearer and nearer and still no more gas being furnished it seems to me that it is only right to cancel that order."

Hearing of the complaint of S. S. Butlerfield against the Oklahoma Natural Gas company, requesting the cancellation of the order granting the increase to a rate of 48 cents, is set for this morning.

If Mars is signalling to us, as Signor Marconi thinks is possible, we hope to goodness it isn't the beginning of an interplanetary debate on the league of planets.—Kansas City Times.

THE BEST ON EARTH

Says Mrs. Staples of Lydia E. Pinkham's Vegetable Compound.

Taunton, Mass.—"I could not eat or sleep for six months, had fainting spells and could not walk without help for three months, caused by female trouble. My cousin, who was a doctor, told me to take Lydia E. Pinkham's Vegetable Compound and it helped me greatly. Then during the Change of Life I used the same remedy. I am seventy years old now and am able to do my own housework and walk one mile to church every Sunday morning and evening. I am recommending the Vegetable Compound to my friends having the same troubles as I had. Your remedy is the best on earth. I cannot find words to express my gratitude to it."—Mrs. SUSAN C. STAPLES, 157 B School St., Taunton, Mass.

The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and illness.

It has relieved women from some of the worst forms of female ills, such as displacements, inflammation, and ulceration. Why don't you try it?

GORE'S COMING CAMPAIGN

Senator Gore has announced that he will leave his strenuous duties in Washington and come to Oklahoma and open his campaign for renomination by a speech at Tulsa.

If Senator Gore will refresh his memory with a perusal of recent history in the particular case of his friends, Vardaman of Mississippi, Hardwicke of Georgia, McLemore of Texas and other disloyal obstructionists whose only distinction in congress was gained by lending aid and comfort to Germany, by opposing President Wilson and the government in the trying hours of the World War, he may conclude that his campaign will be a wasted effort. They asked the democracy of their states for a renomination and the voters, in an overwhelming majority, retired them to the shades of obscurity. They tried to explain, as Senator Gore will try to explain, their disloyal conduct in a trying period, but the explanation didn't satisfy their outraged constituents.

Senator Gore's campaign is certain to end with the same result. He cannot get away from his infamous record of disloyalty and obstruction.

NO ATTEMPT NOW TO SEPARATE BARNETTS

HENRYETTA, April 6.—No effort is to be made by Carl J. O'Hornett, guardian of Jackson Barnett, world's richest Indian, to separate Mrs. B. Barnett from her husband, whom she is alleged to have kidnapped and married in Coffeyville, Kan.

This statement was made by O'Hornett just before leaving here for Winfield, Kansas, where the case will be tried. Annulment proceedings, which were expected to be taken in the case, will not be attempted, he says, since the only contention of the government in the case is that the Indian wants to come back to Oklahoma to live, under the protection of his guardian, and that Mrs. Barnett is holding captive and refuses to allow him to return.

Repeated offers were made to Mrs. Barnett that she come back to Oklahoma with her husband who O'Hornett says, has continually insisted that he wants to return, but is being detained by his wife. All these offers have been refused by the woman, O'Hornett says, and the case tomorrow hinges upon this point.

Upon court orders, O'Hornett has

been compeller to put up \$100 for Mrs. Barnett to use in fighting the case, and it is expected he will have to pay out more of the Indian's money since the \$100 is only a retainer. Thirty witnesses are expected to testify at the hearing before Judge A. M. Jackson, who has been appointed by the Kansas supreme court to hear the case, and a long, hard battle is expected. With O'Hornett tonight were Frank Deshell, Howell Casey, John Stuart, Claude Breese, Oscar Norred, and J. W. Hinton.

The News can now furnish stock certificates for Common Law Trust companies. Let us give you prices. We can make you good prices and do your work satisfactorily.

Gore Wants to Know Attitude in Tulsa On Peace Question

TULSA, Okla., April 6.—What is the sentiment of Tulsa business men and citizens on the passage of the Knox resolution which provides for a declaration of peace to take the place of the peace treaty?

Senator Thos. P. Gore yesterday wired the chamber of commerce asking for an immediate expression of local views.

"Would like to know the views of the business men of Tulsa regarding the Knox resolution; for my part I approve of the resolution," was the substance of Senator Gore's message.

Whether the resolution, if passed, will be vetoed by the president is a matter of much speculation in Washington.

Clarence B. Douglas, managing director of the chamber of commerce, said last night that the chamber as a body had made no expression, but that several individuals would probably answer the senator's wire.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 10c and 25c

THREE YEARS WITHOUT HOPE

A Story of Sickness and Suffering with Final Return to Health It will do you good to read it

No matter how long nor how much you have suffered, do not give up hope. Do not decide there is no help for you. There is. Make up your mind to get well. You can. There is a remedy in which you may place full reliance as did Mrs. Rozalia Kania of 39 Silver Street, New Britain, Conn. This is what she says: "I had cramps for three years and thought I would never be any better. I could not eat without distress. Sleep with my mouth open and could hardly breathe. No medicine helped me. I had catarrh of the stomach. Now I have no cramps and am feeling well and healthy. I wish every suffering person would take PE-RU-NA."

Catarrh effects the mucous membranes in any organ or part. PE-RU-NA, by regulating the digestion and aiding elimination, sends a rich, pure supply of blood and nourishment to the sick and inflamed membranes and health returns.

For coughs, colds, catarrh and catarrhal conditions generally, PE-RU-NA is recommended. If you are sick, do not wait and suffer. The sooner you begin using Dr. Hartman's well-known PE-RU-NA, the sooner you may expect to be well and strong and in full possession of your health. A bottle of PE-RU-NA is the finest emergency, ready-to-take remedy to have in the house. It is fourteen ounces of prevention and protection.

Sold everywhere in tablet or liquid form.

"Captain Crossbones" Or the Pirates Bride

CAST:

DON CUBEB DE CIGARRO (Tenor) - A Spanish Grandee (DONALD SPAWR)

The State Press

Muskogee Phoenix: Food ships sent to Russia will carry our undesirable aliens. Russia must accept the chaff with the wheat.

Muskogee Phoenix: Even in this day of idealism and human liberty, a small country desiring independence will do well to buy a few machine guns.

Okahoma City Times: No journalist is apt to be the victim of such a predatory performance, but it must be humiliating to be robbed by one of these lady bank bandits the dispatches tell about.

Oklahoma City Times: Railway ticket agents report little travel, and many others will concede that there isn't the same incentive for trips to K. C. and Joplin that there was in auld lang syne.

McAlester News-Capital: The reactionary arm of the United States senate has finally decided to bring to an end the great war by passing a resolution declaring everything off. Don't we all feel proud of those noble senators who stood unflinchingly behind their mahogany desks in the senate chamber while barrage

TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Thedford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Thedford's Black-Draught."

Thedford's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

Farmers Now in Minority.

Farmers will be in the minority for the first time in the nation's history when the new census figures are given out. For the first time the country's rural population will be outnumbered by the dwellers in cities. In 1910, 53.7 per cent of the United States was rural and 43.6 per cent urban. Thirty years before that census 70 per cent lived in the country. The new census, early estimates indicate, will classify 35 per cent rural and 65 per cent of the population urban. The exact figures will not be known for months. This and the check in the westward trend of population will be the most striking revelations in the changing life of the nation.

Grown-ups at a Bird Funeral. Americans are accused of being cynical and calculating. In reality they are the world's most sentimental people. A canary bird died at Moorestown, N. J., recently at the age of 25 years. Many grown-ups had known it and listened to its cheery notes when they were children. The bird was given a funeral which scores of persons attended.

Dry Cleaning

The Taking of Proper Care of Your Garments will reduce your Clothing Costs 50%.

You may wear a garment until it becomes soiled and perhaps think it is of but little more use. But have it cleaned by our up-to-date methods—

The Transformation Will Be Wonderful! "EXACTLY LIKE NEW!" WILL BE YOUR EXCLAMATION WHEN IT IS RETURNED

Local Citizen Is Made American By Naturalization

The proudest man in all Ada today was Emil Goree, a worker at the cement plant. On this day he received his final naturalization papers which make him a citizen of the United States and a subject of Uncle Sam.

Mr. Goree is a native of Spain and disavowed allegiance to Alfonso XIII when he took the oath of allegiance to the United States. He has been a resident of Ada since November, 1913 and is now employed as a blocksmith at the cement plant. Prior to coming to the United States Mr. Goree worked for five years on the Isthmus helping build the Panama canal. He has some strong letters of recommendation from the canal zone authorities.

Franks Items.

The freeze and frost Saturday and Sunday did considerable damage to the coming fruit crop.

Miss Naoma Hicks, of Atoka, spent Easter with her sister.

Mrs. Linnie Akers, returned home Tuesday from South America.

A crowd of young people made a visit to the music school at Hickory Hill, Friday night. Mr. Dewey Tilly is teaching the school.

Miss Pearl Lynch is the guest of Mrs. Mattie Lee this week.

Miss Willie Malone of Stonewall was the guest of Mr. and Mrs. Audie Malone the past week.

Grandma Hidewell is visiting relatives here this week.

Mr. and Mrs. Roy Norris and Mr. and Mrs. R. M. Humphreys returned home Monday after a weeks visit with relatives in Hartshorne.

The young people were entertained at the home of Mr. and Mrs. W. E. Akers Saturday night. The party was given in honor of Miss Naoma Hicks of Atoka.

Mr. Olie Peacher of Jesse was a Franks visitor Saturday and Sunday.

Mrs. Ruby Shaddens of Oklahoma City, is visiting her parents, Mr. and Mrs. Tom Stansberry, this week.

Mr. and Mrs. B. A. Howard, Misses Minnie Fox, Alpha Bolin, Mable Clark and Mr. Lewey Fox made a trip to the Spring Sunday afternoon.

Miss Lela Jones was the guest of her aunt, Mrs. Harper Sunday. Mrs. Charlie Humphreys is visiting her sister Mrs. Truitt Merritt, of Ada this week.

Parish Chapel News.

We are having some fair weather at this writing. Everybody is busy working in the crops.

Miss Allie Woods is on the sick list at this writing and we hope that she will soon be better.

There is going to be a pie supper at Parish Chapel, Friday night week the 16th, everybody is invited to come and bring pies.

There was an egg hunt at Mr. Roberts last Sunday, a large crowd of young folks were over here and all reported a nice time.

Prayer meeting Saturday night everybody come and bring some one with you, also to Sunday School Sunday.

Born to Mr. and Mrs. Claud Pennington a big boy last Sunday.

The people on the MX phone line having been fixing it the past week, they intend to have a good line and get good service.

Lee Griffith has been visiting his friends the last few days.

There are quite a few of the eighth grade pupils going to take eighth grade examinations at Summers Chapel the 15th and 16th of April.

Johnnie McCloud of Ada has been visiting some of his friends the past week.

Owing to the bad weather we haven't got very much to write.—A Reader.

THEDA BARA COMING IN "LA BELLE RUSSE"

The dancer's smile often veils a hidden sorrow. Because she is shod in satin slippers and vapory veils flutter merrily about her, people are accustomed to regard her as happy. But Theda Bara in "La Belle Russe," which is coming to the American tomorrow, shows that a gay exterior often masks a tragedy.

"La Belle Russe" is the photoplay version of the famous Belasco stage success of the same name. It is the story of a dancer whose marriage to a nobleman brings upon her husband the contempt of his family.

He is disinherited and she struggles with him faithfully through poverty and privation, secretly giving dancing lessons so that they may not starve. War tears the husband from her side and she continues her struggle bravely so that her baby boy may not suffer hardship.

The picture ends with a stirring climax which is said to come as a tremendous surprise.

Sure Sign You're a Goner.

The bacillus, botulinus, which makes ripe olives almost as deadly as prussic acid, first paralyzes the muscles of the throat and the vocal cords. So, when having eaten ripe olives, you suddenly become unable to speak, have great difficulty in swallowing and great distress in breathing, you may know what's the matter, also that it is too late to do anything about it.

We clean everything except your conscience. Phone 999, Johnson & Auld, Tailors. 4-5-tf

B. SCHENBERG & SON

Cusenbery-Harden.
Miss Daisy Bee Cusenbery of Coalgate and Mr. Dewey Harden of Ada were quietly married in Coalgate on last Saturday evening, April 3, at the Baptist parsonage, Rev. W. B. Ailstock officiating. The bride and groom left immediately after the ceremony for Ardmore and other points and arrived in Ada on Monday afternoon.

Miss Cusenbery is a successful school teacher, having taught at Phillips the past term. She is well known in both her former home in Coalgate and in Ada, where she has made many friends during her

past visits here. Mr. Harden is a successful and popular young business man of this city and is engaged in the real estate and loan business. The young couple will make their home for the present at the home of the groom's parents. Their many friends extend to this happy young couple their best wishes.

Miss Eva Sparks returned yesterday from a few days visit with friends in Coalgate.
Mrs. J. E. King of Francis was a business caller in the city yesterday.

**REPUBLICANS WIN
TULSA ELECTION**

By News' Special Service

TULSA, April 6.—The entire republican ticket, with the exception of Frank E. Duncan, candidate for commissioner, was swept into office here today. H. F. Newblock, present democratic commissioner, was re-elected. The successful ticket is: T. D. Evans, mayor and O. A. Steiner, J. M. Adkison H. F. Newblock and C. S. Younkman commissioners. Mrs. Frank Zaman, republican candidate for city auditor, won by fifteen votes. She was the only woman on either ticket and is the first woman to be elected to a city office here.

Shawnee Woman Defeated
SHAWNEE, April 6.—Frank Urban, president of the trades and labor assembly today defeated Mrs. G. C. Abernathy, wife of one of the state's leading attorneys for councilman from the sixth ward. The labor man's majority was 168. Dick Richards, running mate for democratic woman won over Garland Hill, republican, by over 200 votes.

Editor Carries Henryetta.
HENRYETTA, April 6.—H. H. Fellows, editor of the Henryetta Daily Standard, was elected mayor here today over Ira Martin, the present incumbent, by a vote of 891 to 661. The vote of the women is said to have been behind Fellows, since the campaign was waged on a moral cleanup issue. Bitter charges and counter charges were made by the opponents during the campaign, which is said to be the hottest ever waged here. Returns on other city officers and the managerial form of government, voted on today, were not made public today since the mayoralty vote was counted first.

**Captain Crossbones
Tomorrow Night Will
Be A Big Attraction**

"Captain Crossbones," is a musical comedy to be presented by Miss Emma Keller, at the Normal tomorrow evening at 8:30. The following is a short synopsis of the story.

Don Cubebba Cigarro is a haughty, explosive old Spanish grandee, whose one daughter, Theresa, he is determined shall marry some Spanish nobleman she has never seen. So he keeps her virtually a prisoner within the boundaries of his estate outside Havana, and forbids her access to any man with whom the fair Theresa might fall in love. The old gentleman is all the more determined in his policy as he has learned and strongly disapproves of his daughter's affair with a certain young American planter in the Isle of Pines. Theresa is in love with him; there's no doubt of that, and he, Richard Stoneybroke is resolved to secure Theresa for his own, come what may. How he succeeds is told in the course of the opera.

Stoneybroke conceives a bold scheme and carries it out with unqualified success. He and a number of his friends, both in the Isle of Pines and the States, disguise themselves as a band of real-dyed-in-the-wool pirates and Stoneybroke himself, as their chief is the redoubtable Captain Crossbones from whom the Opera takes its name. He and his pirate band invade the old Don's estate, frighten him and his retainers and relations half to death, and actually carry off not only Theresa, but two other ladies as well. The bit of bold buccanering business brings the curtain down on the first act.

The action of Act II takes place in the pirates' lair on a tropical creek in the Isle of Pines. At an adjacent hotel, the wives and sweethearts of the pirates are thoroughly enjoying an unexpected vacation and they visit the pirates from time to time to encourage them and keep their spirits for the adventure as high as the circumstances warrant. Hither comes Don Cubebba to ransom his daughter, and here the most exciting events occur. The Don meets Captain Crossbones and also Richard Stoneybroke, and recognizes neither as being one and the same person. Richard engages to rescue Theresa and save her ransom and the Don who doesn't believe he can do it, promises to give him Theresa and make him his heir if he succeeds. How Richard and his friends dispose of Captain Crossbones and his pirates in mortal combat is clearly shown, and the old Don has to keep his word, so that the triumph of Richard's plan leaves nothing to be desired.

Incidentally there are remarkable love affairs between a posing and important Captain of Police and a charming American girl, also between a pessimistic pugilist and a very proper person who has hitherto been a tutress to Theresa.

ACT I. Pirates and Pirates' sweet hearts and wives (act II.)
SCENES: Act I. Garden of Don Cubebba's mansion in the suburbs of Havana.

(A week elapses.)
ACT II. The pirates lair in the Isle of Pines.

TIME—About the year 1885.
This is something a little different from the usual form of intertainment that has heretofore been presented to the show going public of Ada, and is looked forward to with interests by all music lovers.

Tickets, which are only 50c each are on sale at Gwin & Mays Drug Co.

**SECURE VEGETABLES
FROM SMALL GARDEN**

Can Be Made to Yield Throughout Entire Season.

Tenth of an Acre Well Planned and Given Careful Attention Will Produce as Much as a Full Acre of Field Crops.

(Prepared by the United States Department of Agriculture.)

Many farmers fail to realize that one-tenth of an acre devoted to a well-planned and well-tended garden will in many cases produce as much food as an acre of field crops.

The garden should be, and can with a little planning be, made to produce throughout the entire season instead of only during a month or two in the spring.

Three to five plantings of snap beans planted at intervals of two or three weeks, at least three early and

Products From Well-Tended Garden.

one late planting of peas, and frequent small sowings of lettuce will insure a continuous supply of these vegetables during the entire season.

Sweet corn should be planted every two or three weeks during the early part of the season, and if the growing season is long two plantings should be made in July or August for autumn use.

The early garden should also be planted so that space will be available when needed for planting fall and winter crops, thus making it possible to have fresh vegetables practically the entire year.

SPLENDID PLACE FOR BRUSH

Material Should Be Hauled Away and Used for Stopping Washing of Fertile Soil.

Brush and straw piles that will be in the way next spring should be hauled away and used to stop soil washing. Aside from using straw as bedding for live stock or spreading it over fields, this is perhaps the best use to make of it. Everyone has seen enormous gullies cut in a single season, and years spent in trying to undo the mischief. The moral is stop the washing while the ditch is small.

Small gullies that have just started in corn fields or wheat fields, or even in pastures or meadows, may often be stopped with a little straw. Even cattle paths in pastures often deepen so that they need such treatment. In other places it is necessary to plan to sow sorghum to stop washing, but if the gullies are more than a foot deep and two or three feet wide it is usually better to use brush, according to the University of Missouri College of Agriculture.

The brush dam gives better results if straw is mixed with the brush to help hold the dirt. Wherever the fall is great enough to make the water cut seriously it is likely to be necessary to stake down the brush and straw so that they will not be washed away.

The less busy winter time should be used in active work to stop losses from soil washing and in planning next season's field work so that the fields will be planted and cultivated across the slope or around the hill. Then the rows will not run straight down the slope and thereby furnish the steepest possible channel for the run-off from rains. Those who have such winter cover crops as rye to hold the soil in place are fortunate, but those who do not should not flatter themselves that no washing is going on even in winter when there is less rainfall.

SCALES OF BIG IMPORTANCE

As Nearly All of Farmer's Produce Is Sold by Weight He Should Have Set on Farm.

Nearly all of the farmer's produce is sold by weight, and it is not enough to stand by and see it weighted on the buyer's scales. You should have a set of your own in your yard so that you may be sure you are getting all that you are entitled to.

FOWLS ARE OFTEN SLIGHTED

Chickens Afford Means of More Cash and Meat Than Any Other Stock on Farm.

Chickens are too often discriminated against when feeding at the barn is done. As a rule chickens afford the family more food and sometimes more cash for the money and time expended on them than any other live stock.

**JEWISH WELFARE
COMMITTEE MEETS
LIBERAL RESPONSE**

The committee that is soliciting for the Jewish Welfare drive in Ada began work this morning and is meeting with a liberal response from the citizens. When seen at noon by an Evening News reporter, Sam Scheinberg, who is chairman of the drive, said: "The committee is meeting with a fine reception and a liberal response everywhere it goes. We raised \$500 this morning and expect to make it \$1,500 by night. The courteous reception the committee has received from everybody is gratifying. The success of the campaign is assured."

Reports from other cities all indicate a generous answer to this call

for help. During the war the Jewish people were unsurpassed for their loyalty and liberality, and inasmuch as they have heretofore asked for very little, there is a general disposition to help in a liberal way.

Open Shop Wins.

By News' Special Service

BARTLESVILLE, April 6.—A. F. McCaleb, former county commissioner, democrat running on the independent ticket, was elected mayor today by 168 majority, over James E. Hickey, regular republican candidate, and W. Lee Woodroff, organized labor candidate. Mr. McCaleb was accredited as the open shop candidate. It is predicted, tonight, that there will be an open shop movement inaugurated with in ten days.
